

SOLAR FIRE DYNAMIC INTERPRETATIONS REPORT

TRANSITS: Transits to Natal Interpretations

These interpretations have been written to apply to transits to a geocentric tropical natal chart using a quadrant-based house system.

When using these interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

The text in this report has been written by Australian astrologer Stephanie Johnson. Stephanie holds a Bachelor of Arts (Journalism) degree and was a journalist in Australia, England and the USA for 15 years before becoming a professional astrologer. She is currently a consulting astrologer and Company Director of Esoteric Technologies Pty Ltd in Adelaide, Australia. She holds the Federation of Australian Astrologers (FAA) Practitioners' qualification and was a former editor of the Journal of the Federation of Australian Astrologers. Text relating to transits of inner planets has been extracted from Bruce Scofield's DAILY ASTRO REPORT keyword text, by permission of Astrolabe Inc.
